Apocalypse Now: The Lion Roars
“Thyatira: Necessity for Holiness”
Revelation 2:18-29
Wayne Shelton

Focal: v23b, c: *‘All the churches will know that I am he who searches mind and heart, and I will give to each of you according to your works’.*

Needed: Churchmen and women who are gripped by the truth of God’s Word such that the arbiter of right and wrong is what God has spoken.

We need people who understand what God calls the church to do and who do that with no favoritism shown for those who, from the world’s perspective, are wealthy, influential, or significant. This is the message to the church today, no less than it was the message to the church at Thyatira in Revelation 2:18-29. What is the mark of this kind of person?
